

## ENROLLMENT SUMMARY OF STUDENTS BY DENOMINATION Fall of the Current Academic Year

The Enrollment Summary of Students by Denomination (Denomination) form is designed to work with the Enrollment Summary of Students by Race and Gender (Race and Gender) form. **The Race and Gender form must be completed first.** The totals from the Denomination form (line 1100) must equal the Totals from the Race and Gender form as shown in the final row of the Denomination form.

### FORM INSTRUCTIONS

For each group of degree programs enter the Head Count of enrolled students for each denominational affiliation available. The students included on the Denomination form are the same students included on the Race and Gender form grouped by denomination rather than race/ethnicity category.

### HEAD COUNT

**Include only those students who are formally moving toward completion of a degree, diploma, or certificate.** Do not include audit students.

Formal summer school enrollees who complete their degree requirements at the end of the summer should not be counted in the fall enrollment but should be counted as completions on the ATS Completions form.

**Do not include individual students in more than one count.** Students should be counted in only one program, preferably in the longer duration or higher academic degree program. Thus, a PhD candidate who may receive a master's degree after two years should normally be listed only as an enrollee under PhD.

Schools that are **members of a cluster** should not list those students enrolled in graduate or professional programs of the cluster if the cluster itself is a member of ATS and reports the enrollment. Use the criterion of *primary registration* to determine this. In case of doubt, the school and the cluster should agree to which school will report the figure.

### DENOMINATIONAL AFFILIATION

When a denominational family is given, no entry should be made on the family heading line. Entries should be made for specific denominations that follow the family heading. If you do not know the denominational affiliation of a student or the denominational affiliation is not listed, report the student in the count for "Unknown/Other."

### DEGREE PROGRAM GROUP

**MDiv:** For each applicable denomination enter the Head Count for students enrolled in the MDiv program. These students are the same students reported on the Race and Gender form (page 1) under the MDiv Program.

**NonMDiv:** For each applicable denomination enter the total Head Count for students enrolled in these Basic Programs Oriented Toward Ministerial Leadership: MRE/MCE/MA in ReEd/MA in CE, MCM/MSM, MA in \_\_\_\_\_ (Special), and MPS/MAPS. These students are the same students reported on the Race and Gender form (page 1) under the same programs.

**All Other Students:** For each applicable denomination enter the total Head Count for students enrolled in Basic Programs Oriented Toward General Theological Studies, Advanced Programs Oriented Toward Ministerial Leadership, Advanced Programs Primarily Oriented Toward Theological Research and Teaching, Certificate and Diploma Programs, and Special/Unclassified Students. These students are the same students reported on the Race and Gender form (pages 2 and 3) under the same programs.

Enter the explanation in the comments field.

*Canadian schools*—Students in the Bachelor of Theology degree should be entered under Certificate and Diploma programs because it is an undergraduate degree. Schools offering the BRE for which a completed bachelor's degree is normally required should report figures under MRE/MCE/MA in RelEd.

*Roman Catholic schools* granting Pontifical degrees (STL or STD) not in conjunction with ATS degrees should enter students under Special/Unclassified.

*Interns*—Students enrolled in intern-year programs, when the internship is under the supervision of the theological school and integral to the completion of the degree program, should be reported under the degree program in which they are enrolled.

## GLOSSARY

**Credit:** Recognition of attendance and/or performance in an instructional activity (course or program) that can be applied by a recipient toward requirements for a degree, diploma, certificate, or other formal award at a given institution.

**Credit Course:** A course that, if successfully completed, can be applied toward the number of courses required for achieving a degree, diploma, certificate, or other formal award.

**Degree Seeking Students:** Students enrolled in courses for credit who are recognized by the institution as seeking a degree or formal award.

**Full-Time Equivalent (FTE):** The Head Count enrollment is for both full-time and part-time students. The FTE is a computed figure based on average workload to determine how many of the students would equal one or more full-time students enrolled in courses as of the fall "snap shot" reported in the Annual Report Forms.

**Full-Time Student:** A student taking the average academic load required to graduate in the normal time for which the degree has been approved.

**Noncredit Program:** A program or activity having no credit applicable toward a degree, diploma, certificate, or other formal award.

**Primary Registration:** The primary registration of a student is determined by the institution in which the student is registered in a degree program, not the institution in which the student is currently taking courses.

## ARF PROGRAM NOTES

**Gray shaded fields:** For accredited institutions; the Admissions, Completions, and Enrollment forms may have gray fields. The gray fields represent degree program areas that are not applicable to the member school and the program will skip over these fields during data entry. As there are always exceptions, data entry is possible within these fields; however an explanation should be entered in the comments field of the relevant form. Some forms require explanations and the form cannot be saved without entering comments.

**Blue shaded fields:** The blue shaded fields represent fields for which data entry is not allowed. These fields, such as Total fields are calculated or contain amounts that are brought forward from another part of the form—the type in these fields is navy blue.

**Totals:** Column and row totals are generated automatically during data input—the type in these fields is navy blue. Some forms require certain totals to match other forms' totals or totals on other pages. There is a small tolerance for differences in the totals to account for differences in rounding.

**Decimals:** Most fields on ATS forms require whole numbers. If decimals are entered in these fields, the program will round to the nearest whole number.

**Comments:** A comments field is included on each of the Annual Report Forms. The field is accessed by clicking the Comments button located in the upper left corner between the Print and Close buttons. Some forms will require explanations be entered in the comments in order to continue. The text color on the comments button changes to red when comments are entered.
