

Annual Report Form IC-1: Institutional Characteristics

Fall data for current academic year (for member school only)

Member School: _____ **Survey Year:** 2023 - 2024

PART A – DENOMINATION AND RACE

1. Has the member school changed the denominations(s) to which it is formally related? _____

If yes, list the denomination(s) below; if more than one, indicate one as primary, if four or more, indicate Inter/Multidenominational as primary. (See denomination list at the end of this form)

<u>Denomination</u>	<u>Primary</u>

2. Has the primary race of the member school’s student body changed since last year? _____

If yes, what is the primary race/ethnicity of enrolled students:

- Asian or PI** - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam; or people from American Samoa, Guam, Hawaii, or other Pacific Islands.
- Black (Non-Hispanic)** - A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).
- Hispanic** - A person of Cuban, Mexican, Puerto Rican, Central or South American, or other Spanish culture or origin, regardless of race.
- Indigenous** - A person having origins in any of the original peoples of North America and South America (including Central America) who maintains cultural identification through tribal affiliation or community recognition.
- White (Non-Hispanic)** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa (except those of Hispanic origin).
- Multiracial** - A person whose origins are of two or more races.
- Not Available** - A person whose race or ethnic identity is either unknown or information about that person is unavailable.

3. Are most of the member school’s students international? _____

Race/Ethnicity Categories: The categories of race used in this form (and in other ATS Annual Report Forms) correspond to recent research, with input from ATS members. Report as Multiracial for students whose race/ethnicity includes more than one category. Report as Not Available for students who prefer not to disclose such data, race/ethnicity is not listed, or no racial data is known.

PART B – ACCREDITATION INFORMATION

1. List here the URL for the member school’s Statement of Educational Effectiveness (see Standard 2.8 of the 2020 Standards of Accreditation): _____

PART C – STUDENT CHARGES PER PROGRAMS (the four programs listed below are most common and exclude ThM and Other Prof Dr)

Degree Program	Total Credits Required (A)	Tuition per Credit Hour (B)	Tuition Amount (C)	Other Fees Amount (D)	Total Annual Tuition and Fees (E)
MDiv					
MA (all types) *					
DMin					
PhD/ThD					

NOTES:

* **MA (all types):** The 2020 Standards of Accreditation (Standards 4.6-9) describe three categories of MA degrees, all of which are included in MA (all types). The only column to be completed for the MA (all types) row is "Tuition per Credit Hour (B)" since the other columns vary too much for most MA programs.

(A) Total Credits Required: The number of semester credits (see B below) required to complete that degree. For degree programs with varying lengths (e.g., a 90-credit MDiv and an accelerated 75-credit MDiv), use the one that enrolls the most students.

(B) Tuition per Credit Hour: Dollar amount of tuition charged per semester credit. If the member school uses the quarter hour system, divide by 1.5. Member schools using other systems should convert to semester credits using a reasonable method (e.g., some Canadian schools using a "course" system might treat each course as the equivalent of 3 semester credits).

(C) Annual Tuition Charged: Dollar amount of tuition charged per academic year for a full-time student, calculated by multiplying the tuition charged per credit hour (column B) by the total credits required in that degree (column A) divided by the number of years a full-time student typically needs to complete that program. For example, if your MDiv program charges \$500 per credit hour and requires 72 credits and a full-time student typically enrolls in 12 credits per semester (24 per year), then the Annual Tuition Charged is \$12,000 (\$500 x 72 / 3 years)

(D) Annual Fees Charged: Dollar amount of fees (excluding tuition) charged per academic year to a full-time student, e.g., student services fee, technology fee, library fee, etc. Include only fees that are generally charged to all (or most all) students in that program every year.

(E) Total Annual Tuition and Fees: This dollar amount is calculated automatically by adding Columns C and D (and provides longitudinal data).
