

Form CF-1: Completions by Race and Gender

Most recently completed Academic Year

INSTRUCTIONS

Report the Head Count of students that have completed the degree program in the previous academic year for each degree category by gender and racial/ethnic category. Schools that do not collect information on the race and/or ethnicity of its students must enter the appropriate figures for race/ethnicity as **"Not Available"**.

Include formal summer school enrollees who completed their degree requirements at the end of the summer.

Do not include individual students in more than one count. Students should be counted in only one program, preferably in the longer duration or higher academic degree program. Thus, a PhD candidate who may receive a master's degree after two years should normally be listed only as an enrollee under PhD.
