Would you like one or more Institutional Peer Profile Reports for your institution?

No, we do not want to request an IPPR at this time.

Yes, send a report for each active peer profile.

Give each profile a name that is distinctive and descriptive, identifying the common thread that links the peer schools selected.

Profile Name:

Line	Peer Schools (List a minimum of five to a maximum of fifteen member schools for your peer profile. A list of member schools can be found on the ATS website.)

ATS offers one free Institutional Peer Profile Report (based on member schools selected in the peer profile; [click here](#) for sample report) to its member schools for each survey year data set. Additional reports using different sets of peer schools (identified by the school using additional IPPR Forms) are available for \$100 each. Member schools may identify *no fewer than five and no more than fifteen* member schools that they consider to be "peers" based on various institutional characteristics (e.g., size of enrollment, annual operating budget, denominational affiliation, etc.). The report is presented in a format that maintains the confidentiality of the peer schools' information by providing the peer group figures as a total, average, or median. This specially designed report will be emailed to the member school's Chief Executive Officer at the end of March or April.
