DUPLICATE FORM AS NECESSARY

ATS offers the Institutional Peer Profile to its member schools as a statistical resource. Schools may identify no fewer than five and no more than 15 ATS member institutions that they consider to be "peers" on the basis of any of a number of institutional characteristics (i.e., size of enrollment, annual operating budget, denominational affiliation, etc.) and compare their school's statistics with those of their "peers." The data are presented in a format that maintains the confidentiality of the peer institutions' information by providing the peer group figures as a total, average, or median. This specially designed Institutional Peer Profile will be emailed to the Chief Executive Officer at the end of March or April. ATS will provide member schools with one institutional peer profile, per survey year, free of charge. There is a \$100 fee for each additional profile.

You should give each profile a name which is distinct and descriptive, identifying for you the common thread that links the selected peer schools.
