

## Pricing Guide

Online Usage for ESQ and GSQ (Beginning Fall 2020)	
<p>Access to one online instrument for <u>an academic year</u> includes:</p> <ul style="list-style-type: none"> <li>• electronic data report</li> <li>• one additional cohort and compiled electronic report (optional)</li> <li>• excel spreadsheet of raw data</li> <li>• composite report from your institution's denominational or regional cohort where applicable</li> <li>• inclusion in the Total School Profile data</li> <li>• training webinars/workshops</li> <li>• administrative and technical support for the coordinator</li> </ul>	FREE
Notes	
<ul style="list-style-type: none"> <li>• Most schools do not need to create a separate cohort for their MDiv students since MDiv data is often highlighted within the institutional report provided by ATS.</li> <li>• Some schools opt to order the raw data from their questionnaires rather than creating separate cohorts when various cohorts can be identified by demographic information provided by the questionnaires. In such cases, schools create their own individual reports based on the raw data.</li> </ul>	
Online Usage for AQ	
<p>Access to one online instrument for <u>an academic year</u> includes:</p> <ul style="list-style-type: none"> <li>• ability to survey one cohort (a single graduating class or multiple classes combined)</li> <li>• electronic data report for one cohort</li> <li>• excel spreadsheet of Raw Data</li> <li>• training webinars/workshops</li> <li>• administrative and technical support for the coordinator</li> </ul>	\$225
Optional Additional Item Fees for ESQ, GSQ, and AQ	
<p>Creation of additional cohort(s) to be administered by the main coordinator plus generation of one additional electronic report for that cohort <i>Helpful when you desire separate reports for various groups of students. Examples include specific extension sites, specific degree programs, and graduating classes (AQ only)</i></p>	\$125/each
<p>Replacement ESQ/GSQ/AQ reports from years prior to 2015</p>	\$50
